

The Music People

## FINANCING OPTIONS

At The Music People, we understand the crucial role financing can play in growing your business. We also understand that, whether you're a start-up or an established, on-going concern, every customer is looking for three fundamental features:

- Affordable rates
- Flexible terms
- Quick, convenient turnaround

At TMP, in partnership with industry specialists **Quail Financial Solutions** and **DK Capital**, you get all that and then some. Either way, you will preserve existing lines of credit, conserve working capital and, with capital leasing or equipment financing, reap the benefits of significant, off-balance-sheet tax deductibility.

In addition, both Quail Financial and DK Capital offer 100% financing (often including soft costs such as consulting and installation), deferred payment options and, for qualifying entities, zero impact on Principal Owner's Credit Scores. You already know TMP understands your business. So do Quail Financial and DK Capital. They've been providing industry-specific financial solutions for consumers of A/V, lighting, live and recorded production equipment and services for years.

Each also boast industry-leading approval rates, long-established bank relationships and, of course, a history of helping the TMP family of retailers, contractors, systems integrators and performing artists.

So why waste time renting? Why deal with piecemeal paperwork or anything other than growing your business by being there for your clients? Call TMP today or contact our partners directly. Together, we'll get to "yes" and keep you moving forward, focused on what you do best.
