

Dual Mic Amp Bar

MY650 / 13089

Features and Benefits

Constructed of sturdy steel, the On-Stage MY650 Dual Mic Amp Bar offers quick, convenient set-up and precise mic placement for virtually any amplifier. The 9" long bar features EVA and slides smoothly underneath or atop the amp, while the mic adapter arm rises or descends from 6" to 12" and deploys dual .625"-27 threaded rotating adapters for secure, exact mic positioning. Get your amp mics off the floor and into a sharper-looking, better sounding place with the On-Stage MY650.
